Many of you have worked with Carol in her capacity as the Public Information Officer for the Department. Many of you have also been on the receiving end of a phone call or email in support as she took on new tasks in Peer Support. Regardless of where you know her from, you know that Carol was there for us. She took her job and those around her very seriously. I thank you Carol for you many years of dedicated service to us, and the public at large. You will leave behind lasting tributes to your work here. Please join me in wishing Carol well as she takes time to decide the next horizon.
